ELICHE NAVALI

Benvenuti in
SONICA ELICHE NAVALI

Azienda dinamica fondata nel 2001 da tecnici con ventennale esperienze nella propulsione ad elica.

Produciamo eliche con competenza tecnica, serietà e continua collaborazione con il cliente.

Calcoli e progettazione totalmente home-made per il continuo miglioramento del prodotto finale.

Le nostre eliche sono compatibili con tutte le imbarcazioni.

Vantiamo una vasta tipologia di eliche a catalogo per installazioni professionali e da diporto.

Realizziamo eliche Custom-made per applicazioni non convenzionali dove si ha difficoltà a reperire la giusta elica, dove l'armatore o il cantiere ritenga di volere un prodotto esclusivo ed assolutamente personalizzato.

Forniamo linee d'assi complete, flange, boccole, supporti e timoni di assoluta qualità.

Welcome to
SONICA MARINE PROPELLERS

A dynamic company founded in 2001 by engineers with twenty years marine propulsion work experience.

We produce propellers with technical competence, reliability and an ongoing cooperation with customers, ship builders and designers.

All the calculations and designs are totally home-made to continuously improve the final product.

Our propellers are compatible with all types of boats.

We have a wide range of propellers present in our catalog both professional installations as well as pleasure boat applications.

We manufacture Custom Made propellers for unconventional applications when the right propeller is difficult to find, when the customer or the shipyard request an exclusive and highly personalized product.

We provide complete shaft lines, flanges, bearings, brackets and rudders of the highest quality.
